Unique Jewellery from Paris

Michaël Camellini is a french artist and sculptor from Paris. His jewellery work offers a world of high quality, precision and extravagant aesthetically statement. Basically his creation are unique pieces handmade. Materials of high quality, and materials who offer a certain value like precious stones and metal, precious and rare wood and mammoth ivory are going to be set in constellation with silk, pearls and leather by the artist. Since 2001 he is creating own collections as well as individual compositions for special requirements of the single customor.
